

Technology (IS) Roundtable

June 10, 2009

Noon – 1:30 p.m.

Brandywine Country Club

The Technology (formerly the Information Systems Roundtable) Series gives technology professionals the ability to converge and discuss current struggles, successes and ideas amongst peers in an informal atmosphere. The roundtable also serves as a networking opportunity for System Administrators, IS Managers and System Engineers. Discussions at the Technology Roundtable could help advance your organizations' technology, as well as give the participant the ability to stay up-to-date with new developments, processes, software and hardware. Participants come from a variety of organizations: profit, non-profit and government. This array of organizations allows for diverse insights, experiences and observations.

The Employers' Association believes in providing services in a timely manner and the Technology (IS) Roundtable Series is no different with prompt start and stop time – noon to 1:30 p.m. - at Brandywine Country Club. A facilitator keeps the discussion flowing and lunch is included in the series price.

Round Robin Peer Discussion

Think you're the only one having concerns and questions regarding the demands on you regarding your job? Join us for this old-fashioned Round Robin Peer Discussion. Bring your questions, share your successes.

This session will offer a unique opportunity to interact with peers of the technology industry, learn from peers and, most productively, benefit from each other's respective experiences.

The facilitator, **Marty Rini**, of Modern Data will lead the discussion to encompass the group's concerns and experiences providing relevant and valuable information needed to increase business effectiveness.
