

## Technology (IS) Roundtable

February 18, 2010

Noon – 1:30 p.m.

Brandywine Country Club

**The Technology (formerly the Information Systems Roundtable) Series** gives technology professionals the ability to converge and discuss current struggles, successes and ideas amongst peers in an informal atmosphere. The roundtable also serves as a networking opportunity for System Administrators, IS Managers and System Engineers. Discussions at the Technology Roundtable could help advance your organizations' technology, as well as give the participant the ability to stay up-to-date with new developments, processes, software and hardware. Participants come from a variety of organizations: profit, non-profit and government. This array of organizations allows for diverse insights, experiences and observations.

**The Employers' Association** believes in providing services in a timely manner and the Technology (IS) Roundtable Series is no different with prompt start and stop time – noon to 1:30 p.m. - at Brandywine Country Club. A facilitator keeps the discussion flowing and lunch is included in the series price.
