

## Technology (IS) Roundtable

April 8, 2009

Noon – 1:30 p.m.

Brandywine Country Club

**The Technology (formerly the Information Systems Roundtable) Series** gives technology professionals the ability to converge and discuss current struggles, successes and ideas amongst peers in an informal atmosphere. The roundtable also serves as a networking opportunity for System Administrators, IS Managers and System Engineers. Discussions at the Technology Roundtable could help advance your organizations' technology, as well as give the participant the ability to stay up-to-date with new developments, processes, software and hardware. Participants come from a variety of organizations: profit, non-profit and government. This array of organizations allows for diverse insights, experiences and observations.

**The Employers' Association** believes in providing services in a timely manner and the Technology (IS) Roundtable Series is no different with prompt start and stop time – noon to 1:30 p.m. - at Brandywine Country Club. A facilitator keeps the discussion flowing and lunch is included in the series price.

<b>Location:</b> Brandywine Country Club 6904 Salisbury Road Maumee, OH 43537	<b>Dates for 2009:</b> February 11 April 8 June 10 September 9 November 11

### Cost Saving Measures for IT

This roundtable will discuss how you can navigate in today's environment of cost saving measures, while still optimizing the IT environment and achieving IT staff efficiency.

Ugly Data Inc. will review the leading cost saving measure ranging from thin clients to unified communications, and everything in between.

### Our Presenter: Dan Miller

Mr. Miller is currently the Chief Technology Officer (CTO) of Ugly Data, Inc. Dan brings to the table twenty-four years of experience in the Information Technology world. Dan received his Bachelor of Science degree in Electronics Engineering Technology from DeVry Institute of Technology in Chicago. He graduated on both the Dean's and President's list. Experience also includes 20 years at Hewlett Packard receiving direct edicts from the HP CEOs and numerous performance accolades and recognitions including several HP Stars awards.

Ugly Data, Inc. is a managed hosting service provider with two, redundant data centers located adjacent to the University of Toledo's main and Health science campuses. They offer services from basic web and email (domain) hosting, Exchange hosting, all the way up to large server provisioning with disaster recovery, backup, and high availability included.
